Sample Itinerary

White Rabbit Brewery – Cider anyone? Sit back in a comfy leather armchair in this open plan Little Creatures brewery, cider in hand and watch the action as the brewers go about their daily work. You'll get to try their Pear and Apple Cider, White and Dark Ale and whatever their weekend special is, all in this fantastic setting of an open brewery.

Main Street Quality Butchers & Smokehouse Steve Hollis is a terrific local character and smokehouse specialist, who annually takes home awards for Victoria's best bacon and sausages. He'll happily talk you through the process of making smoked chicken kabana as you sample away. And if you have any questions, ask away – butchers love to talk about their craft, what cut is best and how best to prepare and cook it.

Yarra Valley Pasta – Fresh Pasta Sampling. Enjoy a warm welcome from the Colaneri family as you step inside their shop, where they've been making pasta 'the home-made Italian way' for years, and where ingredients are sourced from nearby. Delight your taste buds as you sample their delicious assortment of homemade pasta filled parcels and sauces, such as asparagus, almond and lemon ravioli, or gorgonzola, prosciutto and dried fig ravioli. If you want some for supper, they'll wrap what you buy in a cooler bag with ice pack – so you're all set.
